Mr. Mitchell G. Frierber
Bedminster On-Site Drapery Care

Dear Mitch:

I was very impressed with the job you did cleaning the chairs and couches in our office this week.

The furniture you cleaned has been in our office for more than eleven years, and it was heavily soiled. Our fear was that the furniture was beyond repair and would need to be re-upholstered or even replaced. One chair in particular seemed so dirty that we thought it was beyond hope.

You managed to clean the furniture thoroughly. The chairs and couches are now spotless and look brand new. Even the "hopeless chair" is completely clean.

In addition to the efficiency of your work, you were courteous and careful to avoid disturbing anyone in our office. Your price was reasonable and well worth the cost.

We would be happy to use your services again as needed, or to refer you to anyone looking for a similar service.

Sincerely,
Preferred Pension Planning Corporation
